SHENGSHENG INTERNATIONAL

SSI Cloud User Guide

International Business Division · Corporate Cloud Drive · v1.0 · October 2026

1. What is SSI Cloud?

SSI Cloud is the International Business Division's self-hosted corporate cloud drive for storing, sharing and collaborating on files. It is available on the **web** and through the **mobile app**. All data is stored on company servers, and access is controlled by department and team.

2. Signing In

Item	Details
Web address (test environment)	http://172.19.126.65:30000 (available from the company network / VPN; the production domain will be announced once live)
Account	Your name in pinyin (e.g., zhangsan). If you are not sure of your account, please contact the administrator.
Initial password	Provided by the administrator. You can change it under **Settings** → **Security** after signing in.
Mobile app — Android	Install the "SSI Cloud" app (ask the administrator for the package). On first launch, select the server **SSI Cloud** and sign in.
Mobile app — iOS	In preparation; to be announced.

3. The Web Interface

- **Top bar**: global search, app menu (Dashboard / Files / Assistant …), notifications and your avatar
- **Left navigation**: All files | Personal files | Recent | Favorites | Shares | **Team folders** | Tags | Deleted files
- **Team folders**: shared spaces for each department (e.g., Sales-Team-1/2/3), with read or write access granted per department

4. Files & Collaboration

- **Upload**: drag & drop files into the window, or use "+ New / Upload"
- **Online editing**: Word / Excel / PowerPoint documents can be previewed and edited in the browser
- **Sharing**: select a file → "Share" → enter a colleague's account. Permissions can be set to read-only or editable
- **Deleted files**: removed files can be restored from "Deleted files" in the left navigation

5. SSI Assistant (AI)

The “Assistant” app on the web and the “Assistant” tab in the mobile app give you access to the Division’s own AI assistant: summaries, topic extraction, headlines, translation, writing and more.

> AI-generated output is for reference only — please verify important content before use.

6. Security Guidelines

- Your account is personal — never share your password with anyone
- Keep sensitive files in the appropriate department space and share them strictly according to permissions
- Lock your screen when stepping away; report anything unusual to the administrator

7. FAQ

Issue	What to do
Forgot your password	Contact the administrator to reset it
Cannot sign in / page will not open	Make sure you are connected to the company network or VPN; if it still fails, contact the administrator
A folder is not visible	Confirm you are within the permission scope of that team / department; contact the administrator to request access
